Audio Visual Productions Inc. Purchases Vidtech Audio Visual

Bridgeview Illinois (September 15, 2020)

Audio Visual Productions Inc., a leading provider of Event Technology Services, today announced that they have entered into a binding agreement to acquire VidTech Audio Visual, an Event Technology company specializing in Audio Visual services to enhance its portfolio.

The purchase of VidTech Audio Visual, based in Lisle Illinois, further increases Audio Visual Productions Inc. share in the Event Technology market. "The combination of VidTech Audio Visual's existing portfolio along with our existing hotel, corporate and association partners will grow AVP's foot print in the Live Events market," said Marv Worst, Founder & CEO of Audio Visual Productions Inc. "The acquisition is also expected to result in greater efficiencies and significantly increase our market share."

"A partnership was formed with VidTech Audio Visual to help Audio Visual Productions Inc. broaden its hospitality, corporate and association portfolio," commented Ryan Ritchie, VP Sales & Marketing. "Our partnership will allow Audio Visual Productions Inc. greater access to VidTech's impressive portfolio of event partners."

Audio Visual Productions Inc. is in the process of integrating staff and procedures to insure a smooth transition and process. "The integration of both companies will take place immediately. Our clients will continue to receive the same high quality audio visual services in which they have come to expect," stated Marv Worst, Founder & CEO of Audio Visual Productions Inc. VidTech Audio Visual, which will continue to operate under that name for the immediate future, is now a wholly owned subsidiary of Audio Visual Productions Inc.

About Audio Visual Productions Inc.
